Barb Jensen, RN, TCRN, CHEP, retired Trauma Services Manager, was honored with the Spirit of Giving Award at the 2025 Evergreen Gala.

Message from the Chief Philanthropy Officer

Dear Friends,

Welcome to our summer issue of *Giving Matters*! This special edition features our 2024 Annual Report to the community that outlines our accomplishments and financials for 2024, including our valued donors and tribute contributions.

To our donors, we extend our heartfelt thanks for your continued support of our mission and dedication to community health. Your generosity has played a vital role in enhancing the care EvergreenHealth provides to our community, and we are deeply grateful for your commitment and continued partnership.

We were delighted to host the Evergreen Gala on April 25, sharing a night of merriment, community and generosity with so many of you. We're proud to announce you helped raise a record-setting $2.2 million to help fund health care on the Eastside.

A highlight of the Gala is always the chance to present the Spirit of Giving Award, which we were honored to grant to Barb Jensen, RN, TCRN, CHEP, our longtime Trauma Services Manager at EvergreenHealth. Barb retired from the organization after 22 years of dedicated and transformative service to her patients and our community.

In August, our Eastside voters will find Proposition 1 on the primary ballot. As a public hospital district, EvergreenHealth receives a portion of its funding from a tax levy set in 1972. This year, for the first time, the hospital district is requesting a levy lid lift. If passed, this increase will expand access to care in our Eastside community. Read more on page 5.

Also in this issue you'll find stories of decades-long relationships with EvergreenHealth. On page 6, learn how one intentional gift allowed EvergreenHealth to grow our stroke care services into an award-winning program. And on page 4, meet Peter Klein, who lived on the Eastside for 34 years and has been receiving care for his Parkinson's Disease at the Booth Gardner Parkinson's Care Center. Peter moved to the East Coast a few years ago, but he travels across the country to EvergreenHealth for his Parkinson's treatment because he knows the best care is right here in Kirkland.

As always, it's a privilege to share these stories of service and care for our community. Thank you for being a part of this mission—we truly could not do it without you.

With gratitude,

Lori Kloes
Chief Philanthropy Officer
EvergreenHealth Foundation

2025 MEANINGFUL MEDICINE LUNCHEON

2025 Evergreen Gala Raises $2.2 Million

This year's Evergreen Gala, held April 25, was a resounding, record-breaking success!

Guests gathered at the new Columbia Collective in Woodinville for a night of celebration featuring food and wine pairings with celebrated chef John Howie and Baer Winery, plus a live auction, music and dancing. We also celebrated our newest Spirit of Giving honoree, Barb Jensen, RN, TCRN, CHEP.

Presented by Bellevue Healthcare, gifts from the 2025 Evergreen Gala will support services that are close to the heart for many of us, including access to behavioral health services, hospice care and programs that care for victims of violence and trauma. Thanks to contributions from donors and a generous match offered by an anonymous benefactor, the Evergreen Gala raised $2.2 million for our community hospital.

We are grateful to our guests and sponsors for your continued support. Your contributions will create a lasting impact on the sustainability and growth of key services that promote the health and well-being of our Eastside community.

Join Us for the 2025 Meaningful Medicine Luncheon Benefiting EvergreenHealth Hospice | Featuring Guest Speaker Dave Ross

You're invited to the 2025 Meaningful Medicine Luncheon—an afternoon that brings neighbors together to support compassionate end-of-life care through EvergreenHealth Hospice.

This year, we are proud to welcome Dave Ross as our keynote speaker. A trusted voice on KIRO Newsradio for more than 45 years, Dave has guided listeners through uncertainty, with reason, empathy and perspective. Often, he's the voice reminding us that the world isn't ending and that community still holds strong. His reflections on connection, purpose and humanity echo the very values that define hospice care.

Proceeds from the luncheon will help ensure that EvergreenHealth Hospice can continue to provide expert, compassionate care for patients and families when they need it most.

Together, we can build the kind of community we all hope for: One that shows up, cares deeply and honors every life.

Stay up-to-date on the Meaningful Medicine Luncheon by scanning the QR code, or by visiting **www.evergreenhealthfoundation.com/meaningful-medicine-luncheon**.

PATIENT SPOTLIGHT

Parkinson's Care That's Worth the Trek

Peter Klein lived on the Eastside for 34 years and all his children were born at EvergreenHealth. Now those children are grown and live on the East Coast, inspiring Peter to move to South Carolina to be closer to them while enjoying the great weather. But when it's time for care to manage his Parkinson's disease, Peter hops a plane and returns to Kirkland, where he's been seeing Daniel Burdick, MD, at the Booth Gardner Parkinson's Care Center since 2015.

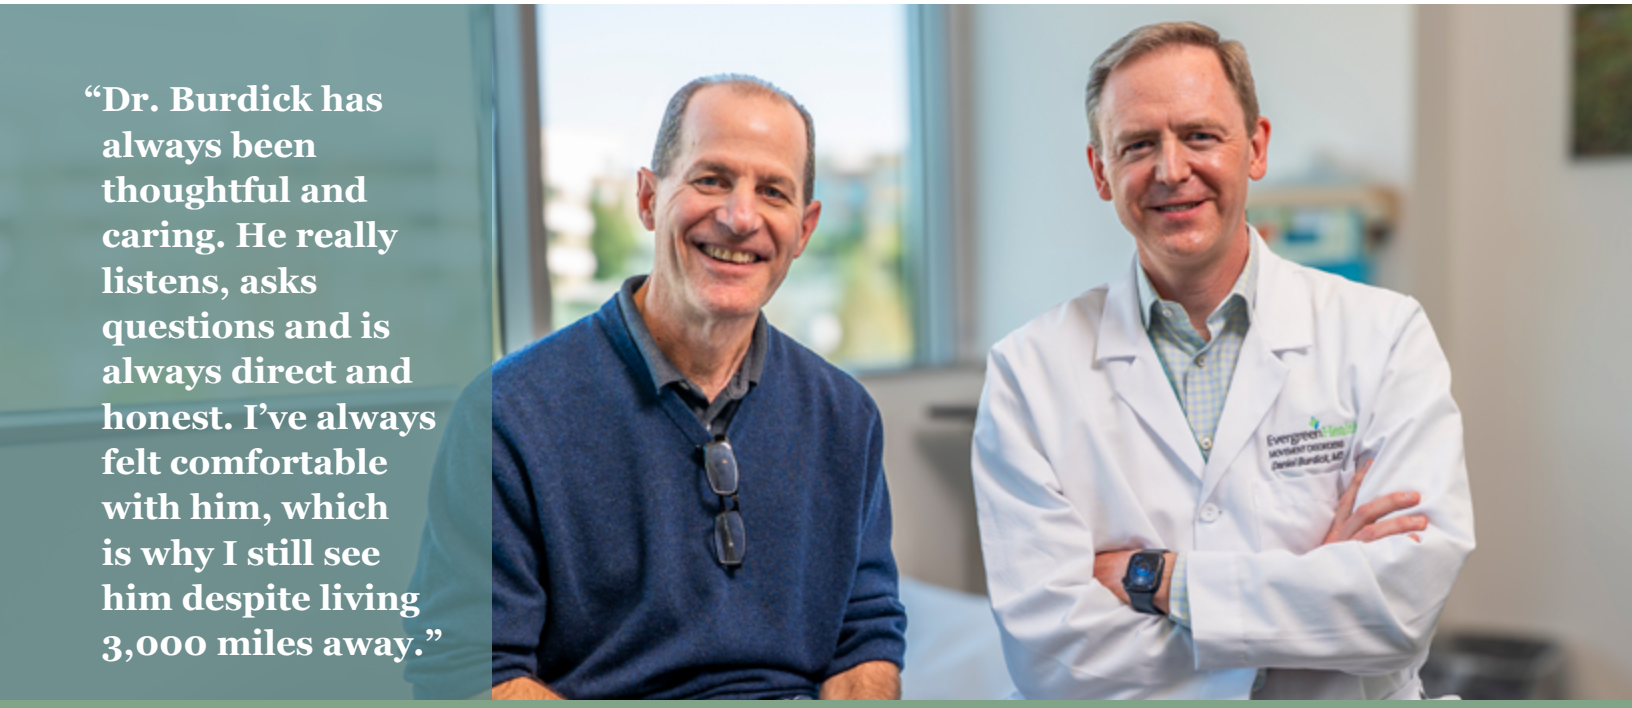
"With a condition like Parkinson's disease, you want to have a team of people you know and have confidence in," Peter said. "Dr. Burdick has always been thoughtful and caring. He really listens, asks questions, and is always direct and honest. I've always felt comfortable with him, which is why I still see him despite living 3,000 miles away."

Peter appreciates that the Booth Gardner Center takes a holistic approach to Parkinson's care, offering not only medication treatment but also social work support and long-term rehabilitation, including physical, occupational and speech therapies.

"We're able to offer a comprehensive approach that addresses all aspects of Parkinson's treatment, including the latest medication options and multiple types of therapy to improve symptoms," said Dr. Burdick. "Peter's Parkinson's management has gone so well under this model, and I commend him for not only staying active but also really getting involved in the Parkinson's community, participating enthusiastically in philanthropy and research."

In the warmer weather of his new home in South Carolina, Peter stays active by swimming and playing golf virtually year-round. "Parkinson's is a life-changing diagnosis, and I've been very fortunate that my symptoms progressed relatively slowly," he said. "Having caregivers who you know and trust—and who really know you—can make all the difference."

EvergreenHealth's Booth Gardner Parkinson's Care Center is celebrating its 25th anniversary this year. Visit **www.EvergreenHealthFoundation.com/BGPCC25** to learn more about the impact of the center over the years.



"Dr. Burdick has always been thoughtful and caring. He really listens, asks questions and is always direct and honest. I've always felt comfortable with him, which is why I still see him despite living 3,000 miles away."

Nurturing a Culture of Philanthropy at EvergreenHealth

Physician & APP Circle

EvergreenHealth Foundation's Physician & APP Circle is a group of active and retired physicians and advanced practice providers who promote EvergreenHealth's culture of philanthropy through annual giving. Support via the Physician & APP Circle ensures that EvergreenHealth continues to be at the forefront of health care for our growing community.

Thank you to our physicians below who inaugurated this Circle of Giving, established at the end of 2024.

Your Care, Your Community

This August, Proposition 1 will be on the primary ballot. If passed, it will raise levy funds to help expand access to lifesaving care, right here on the Eastside.

Proposition 1 supports funding for more providers and services for EvergreenHealth patients and the broader community. Some of the programs supported by local levy dollars include advanced diagnostics and expanded procedural space at EvergreenHealth, obstetrics and gastroenterological care, our growing Cancer Center, cardiology, outpatient behavioral health and primary care.

These improvements will help meet the needs of the growing Eastside community while preserving existing access to health care.

To learn more, visit **www.evergreenhealth.com/about-us/your-care-your-community**.

DONOR SPOTLIGHT

The Power of Planting a Seed

Dave Keyes' donation helped EvergreenHealth establish the hospital system's highly regarded stroke care center.

Nearly 20 years ago, Dave Keyes and his late wife, Doreen, invested in community health care by providing the seed funding that would help establish an entirely new stroke care service line. Today, that investment has blossomed into EvergreenHealth's nationally recognized Stroke Care Center, where thousands of Eastside residents have received emergency stroke treatment and long-term rehabilitation.

"It's essential to have advanced stroke care right here in the community, because stroke is very time-dependent," said David Likosky, MD, EvergreenHealth Chief Medical and Quality Officer, neurologist and founding medical director of the stroke center. "Standing up a program like this is resource-intensive, and that's where the Keyes Foundation's gift made all the difference."

Dave's first experience with EvergreenHealth was when his mother-in-law received cancer treatment at the medical center in Kirkland. "I was so impressed with the compassionate and caring attitude of everyone we met there," he said. "So we started looking into how it was funded and how we could help, which led us to the Foundation, and they connected us with Dr. Likosky—this was his concept. It's remarkable what it's grown into."

David Likosky, MD
EvergreenHealth Chief Medical and Quality Officer, neurologist and founding medical director of the stroke center.

> **"We've worked over the years to deliver on a promise to develop the stroke care program into a core service line for EvergreenHealth and our surrounding community. The accolades the program has earned are a testament to the Keyes' vision and our teams' dedication to delivering the highest level of stroke care available," Dr. Likosky added.**

EvergreenHealth's stroke program has been consistently recognized for exceptional care by Healthgrades and the American Heart Association. It is a certified Comprehensive Stroke Center by DNV Healthcare, which means it meets the highest national standards for stroke care.

Twenty years ago a donation by the Keyes family planted the seed that grew into EvergreenHealth's esteemed stroke care center. Every day at the Foundation we see the power of giving. The proof is in these lifesaving treatments for our patients on the Eastside.

Welcoming Our Newest Board Members

The EvergreenHealth Foundation Board of Trustees comprises 21 board members with diverse business and community engagement backgrounds who provide strategic oversight and guidance for the EvergreenHealth Foundation in support of our mission. Two new trustees joined the board in 2024, bringing diverse insights and fresh perspectives to support community health.

TOM LEONIDAS, PE, MBA
PRINCIPAL CONSULTANT, LEONIDAS CONSULTING, LLC

Born and raised in the Seattle area, Tom Leonidas has deep roots in the community both as a business leader and an electrical engineer designing health care facilities. He's had a direct hand in designing facilities across the country and locally, including EvergreenHealth's East Wing, Tan building, Silver building, parking garage and many renovations to the EvergreenHealth campus. He recently retired as CEO of a local engineering design firm and now owns his own consulting firm.

Tom's wife, Gloria, was deeply committed to the Foundation and served on the board from 2001 until her death in 2012. In fact, she helped plan the very first Evergreen Gala. Similar to many of our supporters, EvergreenHealth is part of Tom and Gloria's family story. Their second daughter was also born at our Kirkland hospital.

A member of Bellevue Breakfast Rotary Club along with fellow new trustee John Martinka, Tom looks forward to lending his insights and guidance in service of community health care, with a special focus on strengthening access and affordability.

JOHN MARTINKA, CEO AND FOUNDER MARTINKA CONSULTING

John Martinka is a respected consultant, author and thought leader in the world of lower middle market M&A, offering guidance based on his decades of experience. He also works with numerous non-profits and is a member of the Bellevue Breakfast Rotary Club.

In 2005, he started a Rotary project in partnership with the Bellevue School District to install computer labs in schools, donating more than 10,000 computers and setting up Wi-Fi networks for primary schools in Slovakia, Turkey, and Antigua and Barbuda.

John lives in Kirkland with his wife, Jan. Originally from Wisconsin, John moved to the Seattle area in the 1980s. Two of his four children were born at EvergreenHealth, as were two of his grandchildren. His father received hospice care at EvergreenHealth at the end of his life.

John said that EvergreenHealth has excellent resource planning and remains in a unique position as an independent hospital system, and he hopes to lend his expertise, experience and guidance to support community health care during his tenure on the EvergreenHealth Foundation's Board of Trustees.

Meet Leah Hoge, 2025 Board Chair

Leah Hoge has served on the EvergreenHealth Foundation Board since 2022 and was elected this year as our Board Chair. Leah has deep roots in our Eastside community and is passionate about maintaining EvergreenHealth's status as the last independent public hospital in the region. She recognizes EvergreenHealth is a place where everyone at every level of the organization is truly compassionate and invested in patient care and community health.

Leah has experience in looking at personalities and working styles among team members and taking practical steps to ensure everyone can make the best use of their strengths.

"People have so much to offer, but sometimes they don't know how, or haven't yet been given the opportunity to contribute," Leah said. "I'm excited to get involved and find ways that everyone can work toward our common goal in a way that's most fulfilling for them."

Leah, who also sits on the Gala Committee, works as a Regional Sales Executive at Symetra based in Bellevue.

Your Giving in 2024

In 2024, EvergreenHealth Foundation received nearly $8 million in new gifts or commitments to support the important work of EvergreenHealth. Thank you for your unprecedented generosity! You helped further our clinical excellence by investing in modern technology, critical community programs and specialty services. As your community-owned hospital, EvergreenHealth is committed to serving our region with comprehensive health care, and philanthropy is a key part of our future growth and expansion. Thank you for believing in our mission and work.

TOTAL LIABILITIES & FUND BALANCES	**$ 20,443,135**

2024 KEY AREAS OF SUPPORT

Hospice

Donors generously invested in EvergreenHealth's comprehensive hospice services, which includes providing inpatient care at the only freestanding hospice facility in the region—the Gene and Irene Wockner Hospice Care Center. Donors also supported EvergreenHealth's robust grief and bereavement services, a meaningful resource that provides intentional follow up and support groups at no cost to the bereaved, accessible to anyone in our community who has experienced a loss in the last 13 months.

Family Maternity Center

EvergreenHealth Foundation dedicated $3 million to enhance the EvergreenHealth Family Maternity Center to best support families through the continuum of labor, delivery and postpartum care with aesthetic enhancements and new, state-of-the-art technology for maternal and newborn care.

Weidner Vaccination Clinic

A generous gift from philanthropic leaders Ana and Dean Weidner launched EvergreenHealth's new vaccination clinic to help curb the spread of infectious disease. The clinic offers vaccines and immunizations to help prevent everything from COVID-19 and influenza to measles, mumps, and rubella (MMR) and human papillomavirus (HPV). Inspired by the donors' vision to promote widespread preventative care, the clinic is open to patients, staff and anyone in the community who needs a vaccine or immunization.

Employee Assistance

Created to help staff experiencing hardship, EvergreenHealth's Employee Financial Assistance Fund is an expression of EvergreenHealth's commitment to supporting one another professionally and personally, living our values of compassion, respect, excellence, collaboration and accountability. Last year, 68 employees received a financial assistance grant to help them navigate exceptional hardship and continue in their role caring for our community.

Give Together, Grow Together

EvergreenHealth has nurtured a culture of philanthropy that aligns with our mission of care. When employees and volunteers contribute to the Give Together, Grow Together Fund, their support helps fund non-budgeted projects across the hospital system to improve patient care at our facilities. Last year, the Give Together, Grow Together Fund helped produce a new set of home hospice training videos for families, purchased new equipment for physical therapy and sports medicine and provided meaningful resources to support families experiencing perinatal loss.

Honoring Dr. Jeff Tomlin's 30 Years of Leadership at EvergreenHealth

EvergreenHealth Foundation established the Dr. Jeff Tomlin Fund for Excellence to recognize the former EvergreenHealth CEO's decades of care and service to our patients, as both a physician and executive. Our community recognized his storied career and lifetime of service with donations to this fund in his honor, which were recently recognized with a plaque on the Kirkland campus that honored Dr. Tomlin's legacy of leadership.

Before he retired from EvergreenHealth in 2024, Dr. Tomlin played a significant role in transforming our once small community hospital into a vital regional hospital system with national recognition for patient safety and exceptional outcomes.

Dr. Tomlin led with humility and a deep sense of responsibility, understanding the impact of EvergreenHealth's role on the front lines of community health. His commitment to preparation served us well when EvergreenHealth became the first hospital in the country to respond to a community-wide outbreak of COVID-19. Under Dr. Tomlin's exceptional leadership and with the unwavering courage and commitment of our entire leadership and staff, EvergreenHealth rose to meet the unprecedented challenges posed by COVID-19 and became a national leader in helping other health systems navigate the pandemic.

Now, the Dr. Jeff Tomlin Fund for Excellence will help EvergreenHealth to proactively address the greatest health care needs of our community, with an eye toward innovative investments that strengthen our hospital system—and our community—for the future.

Recognizing Our 2024 Donors & Tribute Gifts

We're honored to celebrate those whose giving in 2024 helped EvergreenHealth advance the health and well-being of our community. Together, we've invested in what sets EvergreenHealth apart: Our commitment to clinical excellence, comprehensive care, and community well-being.

Tribute gifts—contributions made in honor or in memory of someone—acknowledge loved ones, caregivers and neighbors as the inspiration for your generous support. Every effort was made to accurately reflect the tribute gifts from 2024.

Every gift matters—thank you for your trust, partnership and support this past year!

Ways to give

EvergreenHealth is your community hospital, where every person and every outcome matters. Together we invest in care that impacts you and your family and serves the greatest needs of our diverse, growing community. As a not-for-profit, public hospital district, your support makes all the difference in advancing the health and well-being of our patients. Visit **www.evergreenhealthfoundation.com/ways-to-give** to explore giving options.
